25th anniversary Porsche Exclusive

Dear Mr. Catena,

Ferry Porsche once said: "There is no such thing as the perfect car. But as engineers and designers, we must do everything we can to bring ourselves closer to this ideal."

For a long time, Porsche Exclusive has been making huge efforts in realising personal ideals.

In 2011, there will be a distinguishing anniversary - 25 years Porsche Exclusive.

Suited to this occasion, we are planning several special projects. For an exhibition at the Porsche Museum in Stuttgart we are searching for the best examples which correspond to our philosophy of realising the most personal car.

In the 9 Magazine (May/June 2010) we found a great article about the 1994 Turbo S "Flachbau". It would be a great honor for us to show this car at our exhibition, representing an important part of our history in building small series vehicles.

The exhibition space for this special project covers platforms for seven cars, a huge documentary wall where the history of Exclusive will be explained and two showcases. The 1994 Turbo S "Flachbau" would be presented next to cars like the 935 Street, the 911 Turbo S (1993), the 911 Speedster (1993), the 911 "Flachbau" (1964) or the latest small series vehicle of our department, the 911 Sport Classic.

PORSCHE

The exhibition will take place from the 1st of March until the 30th of April.

We would kindly like to ask you if you have the possibility to contact the current owner of the 1994 Turbo S "Flachbau" and ask him whether he is interested in exhibiting his vehicle in the Porsche Museum in Stuttgart Germany.

All vehicles will be handled with extreme care during the transportation as well as during the whole exhibition. Furthermore all shipping costs will be covered by Porsche.

We would very much appreciate a positive feedback.

Please do not hesitate to contact us in case you have any further questions. We will be happy to provide any information you are interested in.

Yours sincerely,
